There are many ways to enjoy life on board the Lagoon 420: the cockpit with its large benchseats and a table is protected from the sun and the bad weather by a rigid bimini top with optional sides and back panels, the twin seats helm station was designed for sailing with a reduced crew. all the control lines can be handled by one person from the helm station, freeing the other living spaces for the guests. The foredeck is exclusively dedicated to relaxation.

Accommodation:

Priority has been accorded to comfort when designing the interior of the Lagoon 420. The light oak Alpi woodwork and the laminated wenge floor give a modern and relaxing feel. Access into the saloon from the cockpit through a sliding glass door on the same level. The longitudinal galley opens directly on the cockpit, it is the most convivial and practical area, fully equipped with numerous lockers.

The layouts of the two hulls in the 4 cabin charter version are symmetrical: there is a central double bed in each cabin, a washroom with separate shower, large hull windows, lockers...
