Sunseeker Predator 62

Croatia Yacht Charter Adriatic - Charter Sunseeker Predator 62 from Split - available for daily charter as well !

Generously equipped for stylish entertaining, the interiors are full of natural light and luxuriously finished down to every last detail. The state-of-the-art helm, with observer seats, gives everyone the ultimate vantage point to experience the Predator 62 immense performance.

The race-bred hull of the 62 is a pure deep-V with an 18-degree deadrise. This is deep enough to cushion the ride in waves but shallow enough not to compromise the performance. The dynamic lines start at the steep rake of the bow and end with a wide swim platform at the stern. This platform also acts as a hydraulic lift for the tender.

The twin 1100 HP MAN diesels are the top of the range and can kick it up to 35 knots with an economical cruising speed of 25 knots.

The large cockpit explains why these boats are called "sunseekers": There are sunbeds, settees and a table for open-air dining, plus a wet bar for drinks.

Another sunbed up on the foredeck provides even more outdoor social space and, again living up to her name, there is a large sunroof fitted to the wheelhouse. This converts the whole deck saloon into an open space when it is rolled back, flooding the saloon with light. Here you can also enjoy open-air dining under the stars around the saloon table, which has generous and very comfy seating. Behind the helm seats there is a bar and barbecue, plus an entertainment center with the latest in equipment.

The layout is conventional and includes the master stateroom amidships, the VIP double cabin forward and a bunk cabin on the starboard side. Between the cabins is saloon or breakfast room and the galley, the latter having direct access to the deck saloon via the adjacent stairs.

There is the barbecue grill on the upper saloon for alfresco meals. It is operated by 2 crew members.

Technical Specifications :

Length overall : 19.60m (64'4 ft)
Beam : 5.00m (16'5 ft)
Draft : 1.54m (5'1 ft)
