Allures

Luxury catamaran charter France Corsica Sardinia Mediterranean on board Allures crewed catamaran.

She is the largest all carbon catamaran in the world and at 100' belongs to only a handful of existing mega cats

The brand - new ALLURES is set to become a highly popular sailing yacht on the charter market. With her twin Hull, she was conceived to be a high performance sailing yacht but also to be a luxury charter yacht with guests' comfort and pleasure foremost in mind.

Allures is the world's most luxurious superyacht and has recently been launched near Cannes, France. She is one of the largest and fastest, all carbon-sail catamarans. ALLURES offers a high level of comfort but also ultimate safety and ease of handling. Unlike most large catamarans, the Blubay 100' sports fully retractable daggerboards, which allow access to even the most shallow anchorages. Daggerboards also provide the ultimate in safety and performance.

ALLURES - is a Blubay 102' series semi custom mega cat and features an exceptionally styled, Italian superyacht interior with modern lines, which are perfectly integrated with her interior volume. She is a superb yacht, elegant and refined, made for fast cruising or corporate entertainment functions. ALLURES is sporty yet simple to sail and represents the ideal means of living in communion with the sea, while fully enjoying the luxury and comfort of an exceptional vessel.
