Anne Marie CRN Custom Line 128 - Ferretti Group

Luxury yacht charter France Corsica Sardinia Mediterranean on Anne Marie CRN Ferretti yacht.

ANNE MARIE is the CRN Custom Line 128 of the Ferretti Group. The yacht benefits from the technological developments of the parent company, the Ferretti Group and will feature the latest instalments, such as the Mitsubishi anti-rolling gyro system for at-anchor and underway stabilisation, to ensure the ultimate comfort of her charter guests.

Delivered in April 2006, ANNE MARIE presents a fabulous option for charterers in this size range, offering a creative and spacious interior arrangement along with original design and styling.

Much effort has been made to ensure that guests on board ANNE MARIE can enjoy their charter experience to the full as the crew carry out their functions. The design provides for separate interior and exterior staircases for guests and crew while simultaneously maximising the space available in the yacht's living areas. Moreover, the forward location of all the guest cabins ensures their occupants will not be affected by any vibration and noise.

ANNE MARIE offers accommodation for 10 guests in 5 generously-sized cabins. Located forward on the main deck, the master stateroom is accessed through a private reception / office area, which can be closed off from the suite if desired. His and hers WCs and bidets sit port and starboard in the bath suite, unified by a large centrally-placed shower unit. Well appointed guest accommodation is comprised of two twin cabins with oversize single beds and a Pullman each, and two double cabins, with beds sitting at 45 degrees to the beam. The latter two cabins have twin basins and their own full-size tubs, with separate compartments for WCs and bidets.

Function and flexibility underscores the design of ANNE MARIE's main saloon and dining room, with seating for 12. An elegant divider stands between the adjoining rooms flanked by a staircase leading up to the skylounge on the port side. As dinner is taken, guests may enjoy the uninterrupted view running through the saloon and out to the main deck, while afterwards, translucent doors close this area off as guests proceed through to the saloon, the skylounge or the outside decks for the evening's entertainment. In these instances, guests may choose to enjoy a film screened on the 42" plasma screen that folds down from overhead in the saloon.

For al fresco dining, the upper deck is the main option with a covered table and seating for 12, while the sundeck also offers a smaller, less formal table arrangement. Teak decking, loungers and umbrellas make the large sundeck a very welcoming and relaxing area, with plenty of space both in the sun and the shade.

A whirlpool spa and bar complete the facilities on this well-appointed, spacious deck.

### Technical Specifications :

LOA : 39.60m ( 129'9 ft )  
Beam : 7.70m ( 25'26 ft )  
Draft : 2.30m ( 7'55 ft )  
Built : 2006  
Shipyard/Builder : CRN Ancona  
Type : Motor Yacht  
Displacement : 225 t
