<b>Cabins:</b>	15
<b>Passenger Capacity:</b>	30
<b>Crew:</b>	28
<b>Speed:</b>	15.0 Knots

Mega yacht O'Mega : The term luxury yacht is definitely an underestimation for the 83-meter SOLAS classified motor yacht O'MEGA that has currently finished its first chartering season in East-West Med with great success. The yacht was built in Mitsubishi Heavy Industries Co. Ltd. in Japan 1985, and underwent a major 75% re-construction in its hull and superstructure features in 2004. The Owners, in order to ensure that the yacht would have nothing to envy from a total newbuilding of its time, ensured that every single aspect and detail was taken care of by experienced supervisors of this very challenging project. Furthermore, in order to be able to guarantee the highest seaworthiness and safety to her passengers, all of the machinery and auxiliaries of the yacht were fully overhauled and all necessary inspections were approved by the yacht's Classification Society Bureau Veritas. All of the rest of the technological equipment and machinery was replaced during the yacht's major re-construction. Fit to accommodate up to 32 guests in 1 Master, 5 VIP, 5 Double & 5 Twin Cabins, the O'Mega is set to the highest of anyone's standards. The spacious cabins all comprise of a plasma TV/DVD with full surround system, satellite TV access, and Hi-Fi systems. In order to provide the highest quality in the yacht's interior, all of the yacht contractors were famous Italian companies that were certain to provide the highest degree of services and their valuable experience to the highest extent. All of the interior areas of the yacht are furnished with tailor-made tapestry, the finest hand-made Italian fabrics, and superior class marbles and granites in all of the bathrooms that are designed in such a way that one feels as if visiting the most luxurious resort and confronting the breath-taking sea view simply by looking outside the window. The two salons, one situated on the main deck and the other on the upper deck, can offer both moments of seclusion and partying. From the main salon, one can directly access the multi-purpose room that can be conveyed into a Cinema, Conference Room or Gymnasium according to the guests' needs. The massage, the beauty parlor and the spa treatments offer heavenly moments of relaxation and beauty with a hired extra crew. A hired guide in any language guests speak is a great plus of the yacht. The O'Mega, in its only first years in the chartering market has succeeded in launching the vacation criteria to a higher level.

### Technical Specifications:

Length Overall: 82.5m (271 ft)  
Beam: 11.6m (38 ft)
