<b>Speed:</b>	12.0 Knots

## Happy Dolphin II

Luxury yacht charter Greece, Croatia, Montenegro, Turkey

"Happy Dolphin II" is the 40 meter motor yacht, 2004 custom built in Turkey; Derelli Shipyard. In 2006 she underwent major refit in Holland at the Hakvoort Shipyard, literally brand-new. Following her exterior refit, in 2008 "Happy Dolphin II" also had major changes to her interior design and decoration. She is a yacht which speaks for herself, with adequate and elegant style and design.

Upon boarding "Happy Dolphin II" you will notice her spacious Aft-deck, with a very stylish wooden table and chairs. At the back of the subject deck, is the swimming platform.

The salon can comfortably accommodate twelve persons. The entire area is very spacious and has ceiling lights for exact luminosity or you may use the venetian blinds, which like the ceiling lights are electrically operated.

The Master Cabin has a very cozy office followed by the main room. The main room has a king size bed, Satellite TV, DVD, audio player and air-conditioning for you comfort. The en-suite bathroom has two water basins, glass case shower, Jacuzzi bath-tub and vanity.

Once down-stairs, the first cabin you come into is the first of the two Twin cabins. Here, there are two very comfortable single beds and Pullman berth to accommodate an extra guest. This cabin too has Satellite TV, DVD, audio player and air-conditioning for you comfort. The en-suite bathroom has one water basin and both a bath-tub and spacious glass case shower. Ample closet space is provided for your wardrobe.

The second twin cabin is very similar to the first, but this one does not have a Pullman berth. Again, there are two very comfortable single beds with a small night table between them and reading lights above the bed. Satellite TV, DVD, audio player and air-conditioning. The en-suite bathroom has one water basin and very spacious glass case shower, but no bath-tub.

There are two Double cabins, almost identical. Double bed is in the center of the cabin, satellite TV, DVD, audio player and air-conditioning for you comfort. The en-suite bathroom has one water basin, Jacuzzi bath-tub and glass case shower. The second Double cabin is exactly the same, but has only glass case shower.

We then proceed to the SKYLounge. Here, you may enjoy the very spacious salon, which has flat screen TV's at both sides, DVD player, VCR and HIFI Audio System. There is also a bar at the back, for your aperitifs and cocktails. Furthermore, a guest bathroom with shower is also situated for your use. Communication facilities consist of fax, telephone, printer, scanner, satellite phone and wireless internet. The Sun-Deck has a large sitting area, mini bar, HIFI Audio System and barbeque (BBQ), but most of all you will enjoy the panoramic view.
