Swan 131

Yacht charter Greece Croatia Montenegro

Aristarchos, the largest yacht ever build by Nautor's Swan, is considered the ultimate ocean-going, performance, luxury sailing yacht of unvalued quality.

Aristarchos can accommodate 6/7 guests in 3 cabins. Master cabin with two double beds, one double cabin with one double bed and a day couch that turns into an extra bed, and one twin cabin; all with ensuite facilities.

She has 6 crew members, therefore, yacht charter experience on board of yacht is comparable to staying at a five star hotel with your very own 24hour concierge - one-on-one service. Whatever your request may be, the crew will be more than happy to provide you with silver services on board.

With length overall of 40 metres and 989 square meters of sail area, the sailing experience of Aristarchos is overwhelming.

Traditional values of seaworthy construction, practical yet luxurious interiors and undistorted hull lines are what make Aristarchos a true beauty.
