

Galatea

Length:	34.85 m (114'33 ft)
Beam:	7.0 m (22'96 ft)
Draft:	3.80 m (12'46 ft)
Built:	1998
Shipyard:	Heliyachts
Cabins:	3+1
Passenger Capacity:	6+2
Crew:	3+1
Speed:	9.0 Knots

Yacht charter Croatia

S/Y Galatea is a cruising vessel with a high degree of comfort, capable of unrestricted voyaging with a confinement of six guests and crew of three with option for additional crew. For ease of handling she is ketch rigged and fitted with hydraulic roller headsails and in-mast reefing on mizzen & fully button lazy-jack system on main mast.

Sailing yacht Galatea has "Hundested" variable-pitch propeller, driven by a single 441 kW MAN diesel, intended to reduce hydrodynamic drag, whilst "Lewmar" bow and stern thrusters ensure superior maneuverability and dependability of operation. "Nirvana" aluminum spars carry 483 m² of on the wind sail area. This can be nearly doubled by the use of a "Genaker" flown from the bow. The main sail is sheeted to a captive reel winch, made "Lewmar" and concealed in a locker.

The "Genaker" or the staysail are sheeted to a pair of hydraulic "Lewmar" drum winches, mounted in front of the steering position. The mainmast backstay runners are also directed to "Lewmar" drum winches. "Navtec" hydraulic cylinders are used for the main aft stays, main and mizzen boom kicker as well as main outhaul.

There are two helm positions one outside in the aft cockpit by means of a wooden wheel and one in the pilothouse by joystick.

Navigation, engine control and alarm indicators fill the instrument panel forward of the steering wheel at both helms. Controls for the sails are from outside helm's position, where is the best view of the rig and sails.

On the mid part, a highly practical and comfortable cockpit, featuring a dining table with built in wine cooler, surrounded with cushioned seating area. Throughout the yacht is designed by the classic mahogany – white panels woodwork, a combination that has created solemn, antique atmosphere, crafted to very high quality by the yard's joiners.

Technical Specifications :

Length overall : 34.85 m (114'33 ft)

Beam : 7.0 m (22'96 ft)

Draft : 3.80 m (12'46 ft)

Built : 1998

Builder : Heliyachts

Hull : Steel

Displacement : 155 Tones

Fuel capacity : 18.200 litres

Fresh water capacity : 4.000 liters

Engines : 1 x 441 kW MAN D28666 LE 401

Bowthruster/FWD : Yes

Generator : 2 x 30 kW (50 hz)

Air Condition : Yes

Sail area: 483 m²

Maximum speed up to 13 knots

Cruising speed 9.0 knots

Cabins : 3 ensuite (3 double + 1 bunk twin)

Guests : 6/8

Crew : 3+1

Equipment :

Tender Zodiac with 70 Hp outboard
Swimming ladder
Swimming shower
Large dinette with table
Internet, Email, Fax, Mobile phone
TV DVD player CD with speakers in cabins, salon
Electric refrigerator, Ice Maker
Microwave
Hot and cold water
