<b>Crew:</b>	2+1
<b>Speed:</b>	33.0 Knots

### Aicon 72

Yacht charter Greece on board Aicon 72 Open crewed yacht.

The Jodi 3 is characterized by a design which tends to fully exploit the exteriors, making the width of the cockpit, the keystone of the craft.

Cause it's an open design, the saloon is perfect for entertaining your friends as they should fit into the sofas and chairs strategically placed around the periphery. Thanks to the generous expanse of safety glass, there's plenty of light shining in. Side windows power up and down.

Forward and below decks amidships are the living quarters, connected by a hallway running along the centerline. The Master cabin has a very big bed, flanked by a two-seat sofa, a mobile desk and a dressing table. The walk-in closet has more than enough room for his and her stuff. The en suite bath has a separate shower, twin wash basins and high-end quality fixtures.

VIP guests bed down at the end of the hall in the forward stateroom, which features a large double bed, side tables, two wardrobes and a dressing table. A third cabin of more modest proportions is furnished with twin beds that snuggle close alongside each other.

Crew quarters at the bottom of the stairs come with twin bunks, head and shower. They're spacious and private enough for a captain and chef couple. The design aims at searching a great continuity between interiors and exteriors, exalted by the large unique, lateral windows and by the hard top placed above the living area, which allows enjoying fresh air also in the internal rooms.

Inside, the layout of the kitchen on a mezzanine gives the living area and the dinette plenty of ventilation, and the sleeping area, with four cabins, is wide and comfortable, with the owner's stateroom located in the middle of the craft, lightened through the big portholes that can be opened distinctive stylish detail of AICON Yachts

### Technical Specifications :

Length overall : 23.00m ( 75'6 ft )

Beam : 5.31m ( 17'5 ft )

Draft : 1.80 m ( 5'11 ft )

Built : 2007

Builder : Aicon Yachts Italy

Naval Architect : Marco Mannino

Displacement : 49.000 kg

Fuel capacity : 4.520 litres
